J. Murray Clark, Esq.,

Toronto.

My dear Mr. Murray Clark:

I am very glad to receive from you the resolution of the Alumni Association which was passed on the occasion of the meeting called to take steps to prevent the removal of Professor McLennan from the University. I am very glad to have this strong resolution and will take pleasure in submitting it to the Board. I hardly need to say that I have been very anxious myself from the beginning that Professor McLennan's services should be retained and I believe that this is also the mind of the Board.

Yours sincerely,

President.

Dear Mr. Clark:

The name of Mr. John King was submitted to the Nominating Committee at its meeting last Thursday. I stated to the Committee that you had written strongly supporting the offering of the degree to Mr. King. As you will realise the Committee finds itself in great difficulties in making a selection in view of the large number of worthy names that are submitted to it.

With kind regards, I am,

Yours sincerely,

President.
